ABOUT US

For over 50 years, Crisis House is in the business of bringing people home.

- We provide services that help victims of domestic and other violence find safe temporary and permanent housing.
- We help children who have witnessed violence find a safe space and feel at home at Camp HOPE.
- We help victims who only know home to be violent and chaotic, to find a new life with a hopeful future.

Everyone deserves to feel safe at home, and Crisis House helps to make that a reality.

PROGRAMS

Camp HOPE

Camp HOPE America – San Diego helps youth exposed to trauma and domestic violence find pathways to hope and healing through an innovative camping and year-round mentoring program. Our team at Crisis House is passionate about fostering a safe, hope-driven community for campers and their families through coordinating a week of camp, followed by monthly activities exposing youth to different areas of interest such as nature, arts, and STEM to spark career goals and develop pathways to achieve those goals.

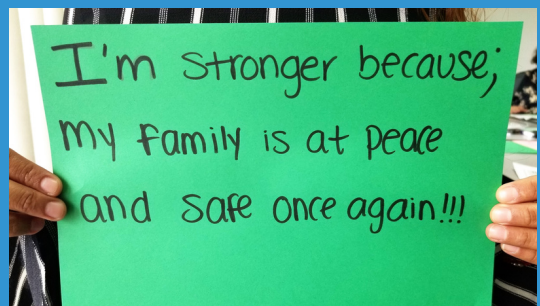

Journeys

Journeys serves women and their minor children who are fleeing a domestic violence situation. We provide safe housing in apartments that are fully furnished in confidential locations throughout San Diego County. Crisis House supports families recovering from their trauma by providing individual and group counseling, case management, health care, food, and other crucial support services.

They transition to being independent and self-sufficient by increasing income and securing permanent housing when they graduate from the program.

Year-round

Crisis House also coordinates events and activities year-round to serve victims of domestic violence. Your year-round support helps us to continue these efforts and ensure no one is alone.
